BRAUN

EVENT LOUNGE AT BEISHEIM CENTER

Architect | de Winder Architekten
Size | 650 sqm
Location | Berliner Freiheit 2, 10785 Berlin, Germany
Completion | 2009
Type | lounge & event location

A high-quality event location has been created in the Berlin Beisheim Center. The white cube studio can be adapted depending on the event, with interior technology controlled via smartphone using the revolutionary Web 2.0 technology. On the way to the washrooms the adjustable LED light in the RGB color zone creates optical irritation. The adjacent salon designed as a lounge features an ultra-modern catering kitchen with mobile cooking units for live preparation. A variously colored, luminous, three-dimensional graphic concept winds through the space, beginning in the floor as stripes, leading through cut-outs in the wall to join up with the coved ceiling lighting.

"Let us read, and let us dance; these two amusements will never do any harm to the world."
- Voltaire, French writer
