

KONTOR

The Network for Workplace Design

Design Pulse:
Interior Trends on the Verge

At Kontor we see thousands of workplaces every month—from radical concepts to chic updates of traditional spaces—and spot new design ideas early. These emerging trends need to be on your radar right now.

Basic Black (and White)

While yellow accents are popping up in many interiors, some designers are reaching for a more restrained palette, using black and white to create sophisticated but eye-catching contrasts.
